# U.S. NAVY NASTY CLASS PTF 3

Launched in 1962, as a U.S. Navy, Patrol Torpedo Fast Boat, the 75 ton, 80 ft. long mahogany hull PT boat was part of a joint U.S./Norway Fast Boat program.

Brought into the U.S. under a special waiver signed by President Kennedy, the boat was placed in service as the first U.S. Navy Nasty Class, Patrol Torpedo Fast boat, and the first wooden PT Boat since World War 2.

Assigned to Boat Service Unit 1, DaNang, VietNam as a Special Ops boat with MACVSOG used to insert SEAL teams and Commandos into North VietNam.

PTF 3 was involved in a series of raids against coastal radar sites in North VietNam that evolved into the Sea Battle known as the Tonkin Gulf Incident, which escalated the civil war in southeast asia into the VietNam War 1964-75.

Restoration completed, PTF 3 will serve as a working living history museum and Sea Scout / Sea Cadet training ship operating out of her home port of Sanford, Florida.

# PATROL TORPEDO FAST 3

## Restoration Project

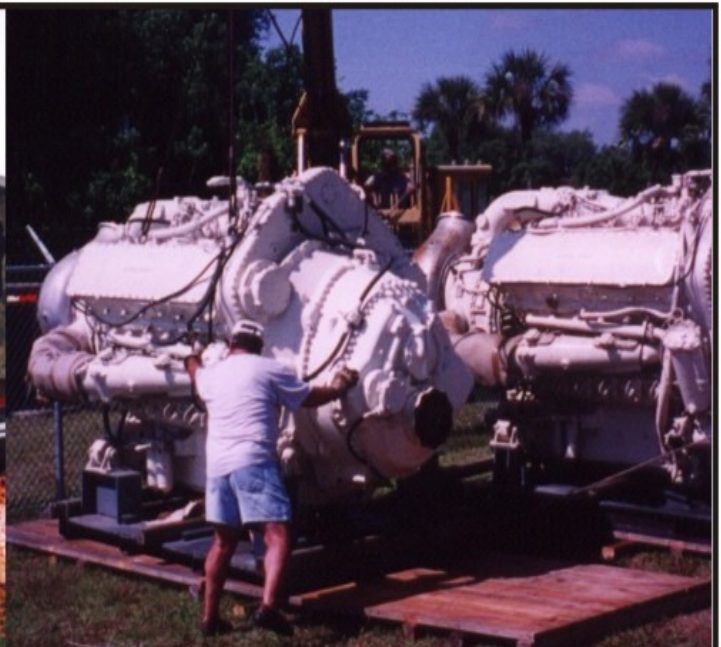

Tel: 800/ 694-7161 E mail: [ptf3restore@embarqmail.com](mailto:ptf3restore@embarqmail.com)

***PTF 3 at Subic Bay, Phillipines in 1963 prior to deploying to VietNam.***

The boat receives a fresh coat of camouflage paint to preserve the hull.

Three Napier Deltic 3,150hp engines are delivered to the restoration site.

***This Project is Sponsored in part by the State of Florida, Department of State, Division of Historical Resources, assisted by the Florida Historical Commission and Florida Department of Veterans Affairs.***

PTF 3 is owned and operated by Boy Scout Troop 544, Inc.

A Florida Non-Profit # 41-2055557, 501 C3 Corporation.

Donations are tax deductible. See [www.ptf3restoration.org](http://www.ptf3restoration.org)
